Exhibition

Face-to-face meetings are, undoubtedly, the best way to do business and build meaningful relationships through interaction. RENEWTECH India 2011 International Exhibition provides you all these and more.

As a business visitor, this exposition offers you a host of information and opens vast vistas of business opportunities, such as, transfer of technology, investment, joint ventures and cooperation.

This exposition also 'showcases' future plan-projections of the participating organizations, which, in turn, would help you plan your own business strategy.

Therefore, we invite you to visit RENEWTECH India 2011 International Exhibition and take advantage of the ideal networking opportunity, which this exposition offers.
